

# Feedback on “Basic notions of condensed matter physics”

I'd be very grateful for your feedback on the lectures. Please fill in the following form, which hopefully should only take a few moments. This is intended to be anonymous: please hand it in to my pigeon hole. If you have further comments they can be emailed to me at [tom.lancaster@durham.ac.uk](mailto:tom.lancaster@durham.ac.uk).

**1. How much of the material had you seen before**

- All of it.
- More than half.
- Less than half.
- None, it was all new.

**Please rate the lectures on the following criteria**

- 2a. Was the course interesting?** Very boring ———— Very interesting
- 2b. The level of the material** Too hard ———— Too easy
- 2c. The amount of material** Too much ———— Too little
- 2d. The speed of the lectures** Too fast ———— Too slow
- 2e. The organisation of the material** Disorganised ———— Well organised
- 2f. The blackboard presentation and notes** Badly presented ———— Well presented
- 2g. The problem set** Not useful ———— Useful
- 2h. How well the course helped your understanding**  
Not helpful ———— Very helpful
- 2i. Your overall impression of the course**  
A bad course ———— a good course

**3a. Any additional comments on your experience with the course.**

---

---

---

---

**3b. Your recommendations for changes to the course for next year.**
